Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(b)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), Applicants bring to the attention of the Examiner the documents on the attached listing. This Information Disclosure Statement (IDS) is being filed concurrently with the filing for a Request for Continued Examination.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

Each document listed in this Information Disclosure Statement was first cited in a communication from the Australian Patent Office or the Danish Patent and Trademark Office in a counterpart foreign application.

A copy of the listed foreign document is attached. Copies of the U.S. patent publications are not attached.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

Applicants also enclose copies of the Australian and Danish Search Reports. To the extent documents cited in the Australian and Danish search reports are not listed on the attached form, those documents were submitted in a previous Information Disclosure Statement in this case.

In addition, Applicants enclose a copy of an International Search Report from WO 00/59648, a corresponding PCT application. The art cited therein was submitted to the PTO in the February 26, 2001, Information Disclosure Statement.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, applicant reserves the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please
charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
